A CLEAN MAN.

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues and fibers in every organ of the body. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood.

Consumption and bronchitis mean unclean lungs. Dr. Pierce's Golden Medical Discovery prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh. It doesn't make the flabby fat of corpulency, but the firm flesh of health. It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol to inebriate or create craving for injurious stimulants.

Mr. John L. Coughenour, of Glen Savage, Somerset Co., Pa., writes: "My appetite was unusually poor, and I was as weak and nervous as though I had been starved for months. My heart kept throbbing continually and I was short of breath. Finally I wrote to you for advice and you informed me that I had indigestion and a torpid liver. I did not think your diagnosis was right, but I ordered six bottles of 'Golden Medical Discovery' from you and began its use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer — weaken, and become diseased.

Kodol

Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Higher Criticism Condemned.

Higher criticism of the Bible was condemned as an "insidious disease," the book of Jonah was declared to be historical rather than a parable, and the claim was made that archaeology has proven beyond question the historical worth of the book at yesterday's session of the closing day of the American Bible League convention. Speaking on the topic, "Effects of the Higher Criticism on the Ministry," Rev. Dr. Ely Fitch Burr, of Lyme, Conn., declared that the so-called higher criticism, like a deadly disease, runs through various phases till it brings the destruction of all distinctively Christian dogma. He believed that if it came to prevail generally among the ministers and the public it would do infinite mischief. It would lessen the number of ministers, dwarf their message, and scatter their congregations. "The higher criticisms have not only taken away the old views," said he, "but they have added new views of man and his needs. They give us a new theology. We call it heresy." Rev. John Urquhart, of Glasgow, Scotland, replying to the question, "Is the Book of Jonah history or parable?" maintained that Jonah was an historical character, and that the Scripture stands or falls with the historical character of the Book of Jonah. In a paper entitled "Babylonian Testimony to the Bible," Prof. Albert T. Clay, of the University of Pennsylvania, said: "Fifty years ago the Bible was without confirmation from extra biblical sources. The book was declared to be the work of a fiction writer. All is now changed. Archaeology has come to the rescue. In recent years the old biblical world has been opened up to the light of day, and we find ourselves face to face with contemporaries of Ezekiel, Moses, and Abraham. Trustworthy records, the annals of nations that came into contract with Israel and Judah, show us that in the Old Testament we have facts to deal with and not theological fairy tales. Parallel accounts of events recorded in the Bible we gather from the clay tablets and cylinders of the past, whereby the historical worth of the old Book is established."

The General Synod of the Reformed Church in Allentown, Pa., devoted the entire morning session yesterday to the consideration of the new constitution. On motion of Rev. H. C. Nott, of Milwaukee, the synod decided to ask that the congregations accept the Bible as the Word of God in addition to the Heidelberg Catechism. The committee had ommitted this, because it is expressed in the preamble.

Mrs. Chadwick's Financial Affairs

Mrs. Cassie L. Chadwick made a statement Wednesday night in Cleveland, Ohio, concerning her affairs, in which she told of the beginning of her financial troubles.

"Since January 1, 1901, I have had $3,210,000. Of this amount I borrowed not over $900,000, the remainder coming from a trust fund and some sales. In April or May 1901, I owed only $53,000. I paid that debt. I was then induced to make an investment which called for almost $400,000. I took no security for this investment and the transaction, so far as I was concerned, never materialized. The investment was made upon the advice of a friend."

After relating her experiences while abroad, during which time her husband and her niece were ill for several months, Mrs. Chadwick says: "Early in the month of February, 1902, after my return home, I was informed that my investment was a loss and that I was in debt $400,000. Besides that sum there was an additional loss which I had incurred of $200,000. In order to meet these obligations I made large loans for which I paid heavy commissions. "I have borrowed in all $900,000. I obtained $175,000 on my own note. A loan of $240,000 was secured by me on the indorsement of a prominent New Yorker. The other $400,000 I have mentioned before. I have been offered bail by a prominent Clevelander, who wishes his name kept secret. I shall not accept freedom on such a condition. The person who makes the offer is wealthy."

At the sale yesterday by the trustee in bankruptcy, Nathan Loesar, of the Chadwick homestead, at Euclid avenue and Genesee street, the highest bid was $35,000, made by ex-Judge W. W. Boynton on behalf of the Savings Deposit Bank and Trust Company, of Elyria, Ohio, the holder of a mortgage, which, with interest, amounts to about $43,000. The property was appraised at $40,000. Dr. Chadwick attended the sale.

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, all Ovarian Troubles, Inflammation and Ulceration, Falling and Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Leucorrhœa than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development.

Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yield to it. Womb troubles, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system, and is as harmless as water.

It quickly removes that Bearing-down Feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, Faintness, sleeplessness, flatulency, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures. Kidney Complaints and Backache, of either sex, the Vegetable Compound always cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

Lieutenant Killed.

Lieut. Granville L. Chapman, stationed at Fort Reno, Oklahoma, was shot in the back and instantly killed yesterday while assisting in company maneuvres. Six companies of infantry were called out for field maneuvres in the presence of Brig. Gen. F. M. Lee. While engaged in a running fight across the prairie, Lieut. Chapman, who was acting as battalion adjutant, received a shot from a ball cartridge fired from one of the companies opposing him. He died where he fell. A rigid examination into the affair is being made.

It is declared that Chapman's death was an accident, but inasmuch as loaded cartridges are not used in these exercises the suspicion is held by some at the post that some one in the ranks used the occasion to satisfy his resentment.

There appears to be a general impression at the post that the cartridge was used purposely, but that it was intended for another regimental officer. There is reticence among the officers at the fort about the accident.

Lieut. Chapman entered the service as a first lieutenant of the First Tennessee Volunteer Infantry May 26, 1898, from which he was discharged July 29, 1899 to accept an appointment as first lieutenant of the Thirty-seventh Infantry, United States Volunteers. He was mustered out of the service with the latter regiment June 30, 1901, and appointed second lieutenant of the Tenth Infantry under the act of February 2, 1901, was promoted first lieutenant from February 28, 1901, and transferred to the Twenty-fifth Infantry August 18, 1902.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, MAY 19, 1905.

DEEP AS is the resentment of the high protectionist leaders for in the President's announced determination to purchase supplies for the Panama canal in the markets of the world there are few indications of an open rupture between the President and the "standpatters" in Congress. The men who have posed as the guardians of protection in both houses, with the single exception of Representative Dalzell, are saying nothing. Five days have now elapsed since the canal policy was first proclaimed, and, while there have been mutterings of discontent, the storm of protest which the President expected has not burst. Instead, the older republican leaders are apparently waiting to see what is to be the effect of the President's action before they are willing to venture upon an attitude of opposition. There are a dozen republican Senators in Washington now, and as many members of the House, including Speaker Cannon. Nearly every one of them is known to be opposed to any revision of the tariff or any discussion of the tariff question. Yet not one will express an opinion upon the probable effect upon the tariff of the course the President has pursued. Pending a determination of the party's attitude the leaders will say nothing which would indicate the conflict of opinion between themselves and the President, or the width of the breach which is known to divide them, and which is growing wider. No one questions that the President has forced the tariff question to the front as one which must demand the attention of Congress at its first session, but the disposition displayed by both the standpatters and the revisionists is to defer the test of party sentiment until Congress meets. It is feared now by the republican leaders that any outspoken opposition to the President or enthusiastic advocacy of his canal policy might produce such discord as to divide the republican strength in Congress into two hostile camps. The political situation is one from which lasting political divisions may be precipitated by an incautious word. President Roosevelt insists that there is no politics in the situation. The question to be determined was one of business economy in the admistration of canal affairs, and the President believes he has decided it in the public interest. If the political effect is bad upon those who advocate high protection, it may not be bad for the country. However this may be, the President is determined that the trusts shall not make a victim of the government by combining to advance prices upon materials necessary to the construction of the canal. The President disclaims any intention of using the present situation as a weapon to force a revision of the tariff in the coming session of Congress, but it is evident that he will demand revision, and that he has strengthened the hands of the revisionists to a wonderful extent. It is this that angers the standpatters. They feel that this is the hour of their humiliation, and that they must bide their time until they can fight the President on the floor of Congress.

THERE SEEMS to be trouble among the labor leaders in Chicago, Mr. Gompers and Mr. Shea not being of one soul. The former professes to be anxions to bring the strike to a close, while Shea is not bent upon peace. In the meantime the business interests of Chicago are suffering and the transportation of goods in the city is hampered, while innocent pedestrians are liable to be injured by occasional conflicts in the streets among the warring elements. Whether or not Vanderbilt said the public be d—d, the fact remains that others act upon that principle, and present conditions in Chicago show that the welfare or safety of the public is a secondary matter with many whose bumps of obduracy are over-developed.

AT THE meeting in Washington Tuesday last of the State and Provincial Boards of Health of North America, during the discussion on the advisability of compulsory vaccination, Dr. P. G. Simmons, of South Carolina, said that smallpox, which was commonly called "Georgia bumps" in his State, was not feared as much as vaccination where people frequently preferred smallpox to vaccination. It can be added that many people beside South Carolinians have an abiding fear of vaccination and of the two evils prefer smallpox.

DISPATCHES from Manilla state that Pala, the Moro chief, has been killed on the Island of Jolo, Philippines, and most of his 600 followers have shared his fate. At the rate the natives are being slaughtered by American soldiers it will not be long before Filipinos will be as scarce in the Philippines as Indians are in North America. But those in control of this government now act on the theory that the only good Filipinos are dead Filipinos.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., May 19.

Commissioner of Corporations Garfield was the first caller at the President's offices this morning. He stated that he had not as yet finished his report on the oil situation in Kansas, and that it would be some time before it would be ready for submission to the President. The data he procured is quite voluminous and will need considerable study before he can arrive at any definite conclusions.

The President has decided to appoint former Senator Louis E. McComas, of Maryland, to be the successor of Martin F. Morris as judge of the District of Columbia Court of Appeals, Judge Morris having signified his intention of resigning. This announcement was made by Attorney General Moody after the Cabinet meeting today. Just previous to the announcement a committee from the bar of the District of Columbia had called on the President to petition him to appoint a Washington lawyer to the prospective vacancy.

The First National Bank of Cornwall, Cornwall, New York, was closed this morning by direction of the Comptroller of the Currency, on the ground of insolency and National Bank Examiner Chas. E. Van Brooklyn has been appointed receiver.

The Navy Department has been advised of the death this morning at Pensacola of Surgeon Hatton N. T. Harris, of the Navy. He entered the service in 1887 and was appointed from Virginia.

Senor E. Portela, the new Minister to the United States from the Argentine Republic presented his credentials to the State Department this morning. Senor Portela was until recently Argentine Minister at Madrid, Spain, and his transfer is regarded as a promotion.

The second and last day of the charter meeting of the National Association for the Study and Prevention of Tuberculosis was devoted to sectional meetings at which were discussed the bacteriological pathological, climatological, and clinical phases of the disease.

Henry Willard Bean, who was the resident agent of the New York and Bermudez Asphalt Co., in Venezuela, for three months during which time the incident occurred which has formed the basis for the charge that Mr. Loomis, the U. S. Minister to Venezuela and now Assistant Secretary of State, received a check for $10,000 from the Asphalt Co., presumably for services rendered, has been examined by Secretary Taft and has given his version of the affair. His testimony will be laid before the President in Secretary Taft's review of the case.

In accordance with a recent decision of the District Court of Appeals, the Simon Burns faction of the Knights of Labor instituted quo warranto proceedings in the District Court today for the purpose of making the Hayes faction show by what right they are claiming to be the duly elected officers.

Hundreds of telegraph operators throughout the country are saddened today over a brief news item from Cincinnati which tells them that "Patsey" Ayres "has got 30" and has dropped his key for good. Probably few telegraphers had a wider acquaintance or claimed more friends than A. S. Ayres. He belonged to the old migrating school of the craft, though he was only 50 when he died of paralysis yesterday, and in his younger days worked in every important city and half the big villages in the United States. Later he became the manager of the Washington bureau of the Publishers' Press, which has grown to be one of the big news gathering-concerns of the world. In 1900 the strain of office management told upon Mr. Ayers' health to such an extent that he resigned to accept a position in a Cincinnati brockerage office, where his duties would be easier. But this "let up" came too late. His health continued to fail by degrees and the news of his death did not come as an entire surprise.

There will be a number of changes in the President's Cabinet before the end of the year. Secretary of State Hay will return to this country early in June. When he went away it was with the positive intention of not again resuming his position at the head of the State Department except possibly for a few weeks. His health has been improved so greatly by his European tour that it is now declared that he has modified his determination to retire. Perhaps the controversy between First Assistant Secretary of State Loomis and Mr. Bowen over Venezuelan affairs, and the reported intention to give Mr. Loomis an Ambassadorship, thus leaving the Department without an experienced head, may have had something to do with the Secretary's change of mind. Under the most favorable conditions and circumstances, however, despite all denials, it is believed here that Secretary Hay will not remain in the State Department beyond the end of the year. Should he retire he will probably be succeeded by either Ambassador Choate or Ambassador Reid. Secretary of the Navy Morton has announced his intention of retiring from the Cabinet September 1. If present plans are adhered to Attorney General Moody will give up his portfolio about October 15 and Secretary of War Taft will become attorney general on his return from his trip to the Philippines which will be early in that month. Secretary of Commerce and Labor Metcalf is said to be anxious to retire in order to devote his attention to his important business interests in California, but as stated yesterday he may be induced to remain here and succeed Mr. Morton as head of the Navy Department. It is pretty well authenticated that efforts are being made to induce Postmaster General Cortelyou to undertake the reorganization of the Equitable Insurance Co. Should be turn down the offer and decide to remain as a member of the President's official family, he will be made Secretary of the Treasury when Secretary Shaw retires the date for which has been fixed for February 6, 1906. There has been much talk about the possible early retirement of Secretaay of Interior Hitchcock, but the President has urged him so strongly to remain so that he may conclude the reforms which he has been prosecuting in the various bureaus of his department that it is believed that he will continue to serve. Secretary of Agriculture Wilson is a fixture so long as he cares to remain where he is. If the changes and reassignments now completed as here given are carried out there will, therefore, be four new members of the cabinet to be chosen by the President within the next nine months.

Secretary Taft today announced in connection with the policy of purchasing supplies abroad for the Panama Canal that it was not the purpose to take advantage of the situation or of the failure of Congress to act at the last session by buying unlimited quantities of supplies in foreign markets under the recent order. It is not the intention he said to overstock and there would be no material bought beyond the present urgent needs of the canal work. For the same reason he declared that it had been decided not to purchase any foreign ships now but to charter such as were requisite to do the pressing business. In this way Congress would have the opportunity to pass upon the question involved before definite action was taken.

John A. Woodville has been appointed postmaster at Indiantown, Orange county, Va.

Major General Corbin, commanding in the Phillipines, under today's date cables the War Department the details of the successful campaign waged by General Wood against the Moros during the past ten days. The outlaws were apparently entirely wiped out with a loss to the American forces of eleven killed and 24 wounded. General Wood says that his troops behaved splendidly.

Secretary Metcalf, of the Department of Commerce and Labor, was the principal speaker at the banquet given last night. He declared that the South within the last decade and at this time has grown and is growing in commercial importance and manufactures more rapidly than any other section of the country.

Episcopal Council.

THURSDAY—SECOND DAY.

MORNING SESSION.

Charlottesville, Va., May 18, 1905.

The council met for business at 9:45 a. m. and was opened with prayer by Rev. F. Leslie Robinson. After the reading of the the minutes of the previous day the bishop read his annual address, of which the following summary is given:

Visitations, 199; sermons and addresses, 200; whole number of confirmations, 681, of which 6 were colored; postulants for holy orders received, 6; total number, 12; candidates for orders, 15; transfers given to clergy leaving the diocese, 11; tranfers accepted to this diocese, 13; lay readers licensed, 29. One clergyman was lost by death, Rev. Christian R. Kuyk, of Barton Heights, Richmond. The following changes have taken place within the diocese: Rev. S. R. Tyler, who assisted Rev. L. R. Massie, of Richmond, for a while, was moved by the bishop to assist Rev. W. B Lee; Rev. E. L. Goodwin has left St. Mark's Church, Richmond, for Zion Church, Fairfax, and Rev. T. C. Darst has resigned the churches in Upperville and Middleburg and accepted a call to St. Mark's Church, Richmond.

The bishop referred again to the care of the old colonial churches. They were of great historical interest and in cases where they had no rector or vestry they ought to be put in charge of the committee on church property and further interest shown in their preservation by committees formed in the parishes and counties where they are situated with a view to keeping them in repair. Where the old churches had been utterly destroyed stone markers should be placed on the site and any historical incident of importance connected with them be cut on the stone in addition to the date of the erection and destruction of the church.

The bishop also commended the work of the General Society of Clergy Relief to the council and asked that the day appointed for its annual offering, Quinquagesima Sunday, be added to the list already approved by the council.

The importance of the Sunday school and the improvement of its course of instruction along the lines pursued by the Sunday School Institute of Henrico parish, Richmond, was earnestly recommended by the bishop and he suggested, if possible, the formation of a diocesan Sunday school institute.

He also advised the careful survey of parish lines and preservation of the parochial entity which was in danger of extinction under the conditions allowed by a possible construction of the diocesan canon on the subject.

At the conclusion of the bishop's address the council took a recess for divine service. Morning prayer was read by Rev. J. J. Gravatt, of Richmond, and Rev. George P. Mayo, of Albemarle. A very interesting address on the medical mission work in Ngankin, China, was delivered by Dr. E. L. Woodward at this service. His self-denying labors in that difficult field are bearing abundant fruit as revealed by the earnest and simple recital of his own work for a period of almost ten years.

A few minutes after divine service the council resumed its business. The first order was the election of the council committees which preserve almost the same personnel they had last year.

Rev. J. H. Dickinson then read the report of the committee on parochial reports which was the most accurate one presented for years owing to the fact that there had been no delay on the part of rectors sending in their reports and the fuller reports now required by the council. The condition of the diocese as presented by these reports is most gratifying. The thanks of the bishop and of the council were heartily accorded to Mr. Dickinson for his painstaking work in tabulating the reports. The council then adjourned to meet at 3:30 p. m.

EVENING SESSION.

The council resumed its business with Bishop Gibson in the chair.

It was resolved that the secretary of the diocese be authorized to purchase a book in which to inscribe the authentic records of each council signed by the bishop and secretary.

Rev. P. P. Phillips then offered the report of the standing committee of the diocese in which it was stated that consent had been given to the consecration of Rev. Robert Strange as Bishop Coadjutor of East Carolina and Rev. Dr. C. E. Woodcock as bishop of Kentucky and Rev. Dr. Darlington as bishop of Harrisburg. The following gentlemen were recommended as candidates for holy orders: Messrs. Guy D. Christian, Thomas L. Sinclair, Wiley R. Mason, David H. Lewis, Lorenzo D. Vaughan and L. C. Harrison.

It was agreed that St. James Church Warrenton be placed on the list of places for the meeting of the council and that Warrenton follow Alexandria on the list printed in the journal.

The report of the committee on schools was next presented to the council. The report gives hearty recognition to the work done by the present diocesan school for boys near Alexandria and the Virginia Female Institute for girls at Staunton, and holds that it is best for these to develop on the wise lines now laid down, especially as they are so well attended. But there is a necessity for a school for girls of which the annual expenses be not more than $200, and as this matter needs more consideration the committee was continued.

Other committees reported in routine form. Rev. C. T. Holt, the founder of the Sparrow Fellowship at the Theological Seminary providing for a two years post-graduate course at some university or Theological Seminary of high standing at home or abroad, asked for the endorsement of this fellowship by the council, especially with reference to the procuring of an endowment of $20,000 so that the fellowship may be permanently established. The thanks of those interested were given to persons who had already contributed to the fund. The council endorsed Mr. Holt's resolution unanimously.

Owing to the present anomalous condition of some of the canons of the diocese in respect to certain of the general canons and the unhappy phraseology of others it was resolved that a committee be appointed to carry out a revison of the whole body of these and report at the next council.

The secretary of the council asked for instructions from the council as to what was required in transcribing the minutes of the successive council in the book to be provided for the purpose. There was considerable discussion on this and it was finally concluded that such a record should correspond with the records generally kept by any deliberative or legislative body.

Rev. Dr. McGill moved that the work of the church at Blacksburg, the seat of the Virginia Polytechnic Institute, receive the hearty support of the council and that the clergy of this diocese do their part to raise funds for the enlargement of the church and the building of a rectory. This motion was unanimously carried.

The council then adjourned to meet in the interest of foreign missions at eight o'clock tonight.

On Wednesday night the annual meeeting for diocesan missions was held. A large congregation was in attendance. After a short missionary service the bishop read the report of the secretary, Archdeacon Tyler, who was absent on account of the death of his mother. Together with the amount contributed to Archdeacon Neve's work in the mountains of Albemarle $15,000 have been expended in this diocese on its own missions thus revealing a growing sense of the importance of this work. Archdeacon Moncure then read the report of the colored work in the diocese during the past year, which showed that there was steady progress under difficult conditions. Addresses were then given by the Revs. E. L. Goodwin, Everard Meade and Archdeacon Neve.

The night session was devoted to a foreign mission service, which was led by the bishop, assisted by the rector. Addresses were delivered by Rev. Dr. James W. Morris, of St. James' Church, Leesburg, and Rev. Robert K. Massie, of the Theological Seminary.

Today's Telegraphic News

Bomb Explosion in Warsaw.

Warsaw, May 19.—A bomb explosion occurred at noon here today, through a peculiar accident in which four men were instantly killed, five others were seriously wounded and a great deal of damage was done to surrounding property. Two detectives gave chase in Miokows street to a poorly dressed workingman, whose actions had aroused their suspicions. In trying to avoid the officers the man fell and a bomb, which had been concealed in his pocket, exploded. The workingmen, the detectives, and a Jew who happened to be passing the place at the time, were blown into fragments. Five other persons who were near by were wounded. Buildings in the neighborhood were badly damaged. It is believed the workingman was lying in wait with the bomb for the governor general, who was expected to pass through the street in which the explosion occurred on his way to the cathedral to celebrate the birthday of the Czar.

Subsequently the body of the man who carried the bomb was identified as a Warsaw shoemaker named Nobrowlski. The bomb was more destructive than at first reported. Four persons, including the bomb carrier, were instantly killed and fourteen persons were seriously injured.

Vengeance on Horse Thieves.

Berlin, May 19.—The Morgen Post today prints an account of an awful vengeance taken by the peasants in three remote Russian villages of the Volhynia province upon a band of 100 horse thieves which had long terrorized the country. The horse thieves had operated for a long time near the villages of Miekiewich, Wientsi, and Ludovic, in the Volhynia province in which Jitomir, which was the scene of the recent massacre of Jews, is located. The peasants who had suffered at the hands of the robbers without redress finally rose in revolt and decided to take things into their own hands. Armed with pitchforks, iron-spikes, axes scythes, and other similar weapons, an organized mob attacked the stronghold of the horse thieves, and captured almost the entire band. The prisoners were brutally treated, beaten, mutilated, kicked, and stoned by the infuriated mob. The scythes and axes were used freely in slashing the victims of their wrath. Others were literally beaten to death. Not one of the prisoners escaped without awful punishment. Before the peasants desisted eleven of the horse thieves had been killed outright. A score of others were left in a dying condition. All of eighty of the horse thieves were beaten in addition to the eleven who were killed.

The Kaiser's Cup Race.

New York, May 19.—The German schooner Hamburg was leading the ocean race for the Kaiser's cup early yesterday morning. She was then 130 miles out, heading northeast, making apparently for the Nantucket lightship. A mile and a half behind her was the Atlantic on the same tack and footing at a good rate. Both boats were crowding on all the sail they could handle close hauled and were beating against the fifteen knot breeze blowing from the northeast.

Nantucket Lightship (by wireless.) May 19. 2 a. m.—A white ship has just been sighted. The ship's signals were not made out but answer the description of the Valhalla. The Valhalla crossed the starting line at Sandy Hook at 1:04 p. m. Wednesday. From Sandy Hook lightship to Nantucket lightship the distance is 195 miles. In covering this distance the Valhalla has averaged about 5:21 knots an hour.

Insanity Plea.

Louisville, Ky., May 19.—A veritable mob, made up of men and women, the majority of them wage earners, and many of them striking garment workers, cheered George Warner from the criminal court room at 9:40 o'clock last night, on the way to the Jefferson county jail. A jury empanelled to pass on his sanity had failed to agree. Sheriff Smith had announced that Gov. Beckham had granted a respite until Wednesday May 23, that experts might determine the sanity of the slayer of Puaski Leeds, superintendent of machinery of the Louisville & Nashville railroad. Warner was to have been hanged at sunrise this morning. Yesterday an inquiry as to his sanity was begun, after all other means to save his life had failed. Warner is an electrician and the working men have taken a deep interest in his case. His wife comes from a well-known Reading, Pa., family.

Deaths from Earthquake.

Vienna, May 19.—An earthquake which was felt throughout the Vilayet of Brussa, Turkey, caused a great deal of damage and resulted in the death of nearly a score of people living in the province. The mosque was destroyed, and twenty houses likewise were thrown down. Fifteen deaths have been reported.

The Strike at an End?

Chicago, May 19.—Peace in the teamsters strike is an attribute that is not within at least twelve hours. After a strenous effort to break the deadlock, the teamsters' joint council adjourned at 1:30 this morning to reconsider the proposed action again tonight. The teamowners' association proposed to arbitrate the differences between the employers and the drivers, and the employees meet to consider the plan.

There was a bitter fight over the rejection or acceptance of the offer. President Shea vigorously opposed what he termed a direct concession. Other delegates believed the plan offered an easy solution of the predicament of the strikers and fought desperately in favor of it.

It is intimated by the employers and whispered in labor circles that the highest labor leaders have fallen out. President Shea, of the International Teamsters Union, who has been conducting the strike in person, and President Gompers who came here from Washington to tender peaceful influence are said by some to have been unable to agree in any particular. Gompers left the city last night, promising to return Saturday evening. He says he still has hope of settling the differences peaceably. Before leaving he characterized the employers as unyielding and declared that he would advise nothing but "peace with honor" for the union. Gompers continued: "Without discussing the merits of the strike from what I know of the men engaged I am sure the union will not make a complete surrender. I know I will not advise such action. If no honorable adjustment can be reached so that a better understanding can be enlisted for the future the two sides better remain in their present positions. There is no law nor any reason why the men on strike cannot make individual application for their jobs at any future time. I have done my best to help bring about an adjustment by agreement. I have no right to say that my efforts have failed entirely. On the contrary, as soon as I return efforts for adjustment will be resumed.

Chicago, May 19.—From several authoritative sources comes the report that the teamsters strike is about to be called off by the teamsters, as a result of President Samuel Gompers' visit to Chicago, and the request that the drivers make an absolute surrrender.

Mayor Dunne in a carefully worded but emphatic statement corroborates the report of the ending of the strike while sheriff Barret has informed personal friends that the strike's end is at hand. These two officials decline to say from whence they received information. According to stories that emanated from labor circles, Gompers had a brief but earnest conversation with President Shea of the teamsters just before leaving last night, for Dayon, Ohio, and told him that he must call off the strike at once. Levy Meyer said he knew nothing of a calling off of the strikes, nor did A. J. Reid, a member of the strike committee.

New York, May 19.—A dispatch from Logan and Bryan of Chicago to Charles T. McIntyre & Co. states that the teamsters strike has ended.

Filipinos Killed.

Manila, May 19.—The Moro outlaws against whom General Wood has been campaigning have been annihilated. Since the battle on the island of Jolo, in which Wood's soldiers killed 300 of the natives, the chief, Datto Pala, has been slain, and the remaining 300 of his followers have been scattered through the jungles. The outlaws are adherents of the Sultan of Sulu. The larger chiefs of the island have not been involved. The outbreak was purely an attempt of Pala and his bandits to plunder the country, and he was ably seconded by brigands in Sulu and other islands stretching clear down to Borneo. The positions selected by the outlaws for defense and which Wood captured with small losses, were regarded as impregnable. The bandit chief was intrenched in tangled jungles affording a continuous line of fortifications through which it was impossible to haul artillery. The American troops went through the defense without trouble, however, when once they located their quarry. Wood's losses were 9 killed and 21 injured.

The Fleets.

Saigon, May 19.—Forty-three colliers, mostly Russian and German vessels, are at anchor off Nha bay, on the Annam coast, under the close supervision of the old French gunboat Caronade, to see that no breach of neutrality is committed. Twenty other colliers are reported to be lying off Cape St. Jacques, near the entrance to this harbor. The Assas is keeping a close watch on this fleet. Only one collier, the Keifi, is in the commercial port of Saigon.

Mr. Morgan's Offer.

Rome, May 19.—It is reported that J. Pierpont Morgan has made an offer to the Pope to place all the funds of the Vatican which are devoted to investment purposes in American securities at 4 per cent interest. At present the funds are invested through the Rothschilds and yield only 2 per cent. The acceptance of Mr. Morgan's offer would mean an increase of $500,000 in the annual income of the Holy See.

Operations in the East.

St. Petersburg, May 19.—Brief reports which show that there is some activity in the armies of Manchuria, are received by the War Office almost every day. The dispatches give no indication, however, of the beginning of a general engagement, which it is believed will be fought in the near future. General Linievitch today wired that the Japanese occupied Sandy House and are using it for a base.

Twenty Servians Killed.

Vienna, May 19.—A report has reached here of a fight which occurred recently at the village of Kutschewischte in European Turkey in which twenty Servians were attacked by a party of Albanians, and killed. Relatives of the murdered Servians took the remains of their kinsmen to Uskub, where a report of the outrage was made.

A Good Suggestion.

Mrs. C. B. Wainwright of Lemon City, Fla., has written the manufactures that much better results are obtained from the use of Chamberlain's Colic, Cholera, and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Gibson & Timberman and W. F. Creighton & Co.

Stricken with Paralysis.

Cincinnati, May 19.—A. S. Ayres, better known as "Patsy," one of the best known press telegraphers in the country, was stricken with apoplexy Wednesday night and died late yesterday afternoon. Mr. Ayres was connected with the United Press for years and was later manager of the Washington bureau of the Publishers Press and Scripps McRae Press associations. For some time he had been employed in a brokerage office here.

Ten Persons Killed by a Bomb.

Monastir, Turkey, May 19.—The explosion of a bomb here caused the death of ten persons. A great deal of excitement was caused by the bomb-throwing and this has been increased by the discovery of three unexploded bombs in the city. Numerous arrests have been made of parties supposed to know something about the bombs.

Wood Pleads Guilty.

Somerville, N. J., May 19.—The trial of George H. Wood, the New York iron worker, for the murder of grocer Williams, was stopped today. Wood pleaded guilty of murder in the second degree and was sentenced to serve thirty years in the State prison.

New York Stock Market.

New York, May 19.—The stock market was feverish and excited at the opening this morning, and declines were general. The Steel post was surrounded by a crowd of brokers when the gong sounded, and as nearly all of them had selling orders there was a rush and a roar as they tried to carry out their orders to the best advantage. Seventeen thousand shares of United States Steel common came out at once, all the way from 27¼ to 27, as against a closing price yesterday of 28, making a new low record of this year. Larer, the common dropped to 26¾ and the preferred to 93¼. After the first excitement prices rallied fractionally, chiefly on western buying, but they continued feverish for much of the morning.

Noon—The general list, while not so active as earlier in the morning, shows a firmer tendency. Prices are inclined to harden.

TELEGRAPHIC BREVITIES.

Henri de Bailleur, William K. Vanderbilt's, jr., ex-French chaffeur, was fined one hundred dollars in the court of special sessions, in New York this morning, having pleaded guilty to exceeding the speed limit on May 8.

The motion for a new trial for Mary Rogers, the Bennington, Vt., murderess is being heard in the Supreme Court of that State today. The trend of the argument is that Mary Rogers came of a low family, in which there was insanity.

"For the past five years, however, on the slightest sign of a Cough or Cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." FOREIGN NEWS.

The announcement was made in Paris today to the correspondent of the Publishers' Press who inquired at the home of Baron Alhouse Rothschild, head of the great banking house, who was reported to be seriously ill, that the Baron's condition is much improved and that he is not seriously ill.

Money for Military.

The U. S. Court of Claims rendered a decision yesterday under which the volunteers from Virginia, who enlisted for the war with Spain, will receive pay from the time they left home and up to the date of thier muster into the service of the United States. The decision rendered yesterday formally recognizes the right of a State, under act of Congress, approved July 8, 1898, to recover from the United States moneys due to their militia for the period of the organization of the volunteer troops for the war with Spain. The court takes the view held in 1899 by the comptroller of the treasury, that these moneys are lawfully collectible by the States, to be paid by them to the soldiers, notwithstanding, the United States government itself, under a different act, has already paid the soldiers for the same period.

The decision opens the way to the collection by the States of the money due from them to their soldiers, which they are then, by the terms of the reimbursement act, obliged to pay directly to the men without covering it into the State treasuries.

Royal Arcanum.

At the session of the Supreme Council, Royal Arcanum, which opened at Atlantic City Wednesday, the financial secretary in his report said the organization assets are in excess of $2,500,000, while the gain in membership during the year was approximately 25,000, making the present strength of the order 315,000.

Important resolutions, including one looking to the immediate expulsion of members convicted of crime, were introduced yesterday. Massachusetts delegates introduced a measure requiring heavier bonds for financial officers. Niagara Falls and San Francisco ask for the next convention.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucuous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Capt. R. F. Knox, auctioneer, will offer for sale at noon in front of the Royal street entrance to the City Hall certain real estate belonging to the estate of the late John P. Emerson, to-wit: Lot of ground with the buildings and improvements thereon on the west side of Payne street near Duke; also a lot of ground with the cottage and other improvements situated thereon at the intersection of the south side of Duke street with the west side of Payne street; also four building lots on the west side of the Payne street near Duke, and four building lots on the south side of Duke street in the same locality.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Ellen Henson, colored, arrested by Officers Lyles and Nicholson charged with lunacy, was committed to jail for a further examination.

Orlando Griffith, colored, arrested by Officer Arrington for throwing missiles in the street, was turned over to his parents for correction.

A white boy, arrested by Officers Smith and Nicholson for disorderly conduct, was fined $5.

Moses Reynolds, colored, arrested by Officers Allen and Lyles for disorderly conduct, was dismissed.

Frank Riley, charged with disorderly conduct and fighting, was fined $5.

Two white boys, charged with throwing stones in the street, were turned over to their parents for correction.

Leonard Manning, colored, arrested by Officer Roberts for assaulting and beating John Jackson, also colored, was released on collateral.

Interesting Entertainment.

Alexandria Council, No. 83, Jr. O. U. A. M., had a most enjoyable time last evening at its hall on King street. A large delegation of Belle Haven Council, No. 61, was present. After the regular routine business was completed the doors were thrown open and friends were admitted and a most interesting programme was rendered, as follows; "My Country 'Tis of Thee" (singing); prayer, Mr. J. H. Trimyer; address, Rev. J. H. S. Ewell; remarks, Mr. J. H. Trimyer; readings, Mr. O. F. Baggett; recitations, Mr. O. H. Daniels; remarks, by Messrs. Thos. Chauncey and Levi Allen. The address of Rev. Mr. Ewell was listened to with close attention and was highly entertaining, while all the others who participated enlisted the close attention of their auditors.

Colored Talent to Sing.

At the Opera House tonight the sacred cantata of "Daniel" will be rendered by the Alexandria Choral Society, a colored organization of which Patrick H. Lumpkins, a teacher in the Snowden School, is musical director. The chorus numbers seventy voices. All the parts will be sustained by local talent and an orchestra will assist. The entertainment is for the benefit of the Colored Old Folks' Home. A large turnout of the colored people is expected. The society proposes to give a benefit for the Alexandria Hospital soon. They are under many obligations to local business men for advertising patronage on the programme, also to other citizens for valuable favors.

Property Sale.

It is understood that Mr. A. S. Doniphan has purchased from Mr. Albert Stuart the property at the northeast corner of King and Columbus streets for $7,000. It is also said that Mr. Doniphan will remodeled the old building or tear it down and rebuild upon the lot. In either event it is said the property is to be converted into an apartment house with a store at the corner.

Thrown From Carriage.

While driving along the Piney Branch road, near Brightwood avenue, Washington, last night, a horse attached to a runabout driven by J. P. Walker ran away and collided with a tree stump on the side of the road. Miss Jarvis, of this city, who was in the vehicle with Mr. Walker, was thrown into the road and received a bruise on the side of her head.

A Tempting Dish.

Many regaled themselves with rich turtle soup at Mr. C. H. Zimmerman's restaurant in Market alley today, some of which was sent to this office. Alexandria has long enjoyed the reputation of preparing the best fried oysters, and it is destined to wear the laurels for turtle soup.

King Roughbeard.

This operetta was given at the Opera House last evening to a packed house. The children all sang and acted their parts well, particularly the King and Queen of Fustia, the King of Amora called Roughbeard, and Patricia, taken by Misses Christina McA. Kemper, Emma V. Carter, Florence A. Long and Katherine C. Waller, who did splendidly the most difficult parts assigned them. The duet between Roughbeard and Patricia, "You'll rue it," and the solo, "Poor little princess," deserve especial mention, as also does the chorus of the market women. The minuet introduced in the last act was well done; the heralds taken by the very smallest boys seemed to please the audience. Altogether the operetta was a distinct success, the costumes and stage settings being gorgeous. As heretofore announced, the libretto was written by Miss Melissa Hill and the music was composed by Mrs. Oscar F. Carter, both of whom trained the children, assisted by others interested in kindergarten work, and they deserve to be congratulated. The plot was skillfully drawn and the music pretty, bright and catchy, and as for the chorus, composed of about 150 children, they sang and acted their parts admirably. The smooth and interesting performance given reflects credit upon both the performers and the ladies who devoted a large part of their time in the past six weeks training the children. The cast of characters was as follow: King of Amora, called "Roughbeard," Florence A. Long; Patricia, Katherine C. Waller; King of Fustia, Christina McA. Kemper; Queen of Fustia, Emma V. Carter; King of Pomposa, Cleone F. Riley; King of Rustia, Edward J. Howell; Minister of State, Madeline Byrne; Patricia's ladies, Frances E. Smoot, Lucy M. Anderson and Lillian V. Grillbortzer; market women, Marie E. Stoutenburgh, Leslie T. Henshaw and Coralie Greenaway. The chorus was divided into court ladies, courtiers, peasants and heralds. Every part was splendidly portrayed, and the children were heartily encored time after time.

To guard against all accidents Chief Pettey and several firemen were voluntarily on duty in the hall with fire extinguishers during the performance.

Watching the Improvements.

There are now several points in and near the city to attract those who gather where improvements are in progress. The work on the Citizens' National Bank building at the northeast corner of King and St. Asaph is in an advanced stage, and continues to attract numbers who watch the workmen raise the stones to the upper stories and place them in position. The removing of the piles at the old ferry slip is another procedure which is watched with interest by numbers, while the work of constructing the iron railroad bridge over King street is another attraction to the many who have leisure to witness the modus operandi. The Schuler Beef Company is preparing the foundation for three modern brick buildings at the northwest corner of King and Patrick streets, and Mr. Peter Aitcheson had cleared the site for two similar structures on the north side of Duke street, between Royal and Pitt. A number of frame residences are being constructed in other sections of the city.

Memorial Day.

Next Wednesday, May 24, will be Confederate Memorial Day and will be observed in this city as usual, though not on so elaborate a scale as on some previous occasions. In the morning committees from Lee Camp will visit the various cemeteries near the city and strew flowers over the graves of the Confederates buried therein. Later the ladies of the various Confederate organizations assisted by a committee from the camp, will decorate the Confederate Monument at the corner of Prince and Washington streets and also the mound in Christ Church yard. In the evening Lee Camp will assemble at their hall and proceed in a body to the monument where the exercises will be held and where Maj. Holmes Conrad will deliver an address.

Speakers Failed to Attend.

Exercises, under the auspices of the State Board of Education of Virginia, were held at Mount Vernon Avenue School, Del Ray, today. Several prominent educators and speakers were invited to be present, among them Mr. Thos. Nelson Page, but they were unable to attend. Later in the day Superintendent of Schools of the county, Mr. J. E. Clements, came to this city and asked Mr. J. R. Caton to go to Del Ray and make a short address, which Mr. Caton consented to do, though he is still in poor health.

Exciting Runaway.

There was an exciting runaway on King street, between Henry and Fayette, yesterday evening. Two horses attached to a wagon became frightened and dashed in a westerly direction while a north bound train was approaching King street. Mr. John E. Cornuell, the gate keeper at King and Fayette streets, saw the horses coming and lowered his gates as quickly as possible. He then ran to the centre of the street and grasped the bridles of the animals and with difficulty kept them away from the railroad track.

Deaths.

Kitty Frazier, colored, who died in Alexandria county, was buried from St. Mary's Church in this city this morning. The services were conducted by Rev. Father Cutler. The deceased was said to have been 105 years old.

John S. Davis, son of William Davis, colored, died at his home, 633 south St. Asaph street, last night.

Baseball.

The Alexandria Athletic Club will play the Fort Hunt team tomorrow evening at 4:30 on the old fair grounds. The Fort Huut team has been greatly strengthened on account of several new companies having been stationed there for the June maneuvers, and a good game is promised all who attend.

The Young People's Union of the Baptist Church will give an age party in the Sunday school room at 8 o'clock tonight. An interesting programme has been prepared and a pleasant time is expected by those who will attend.

Bernard, the little son of Mr. Samuel Devaughn, fell from the second to the first floor of Mr. F. L. Entwisle's store, on Fairfax street, near Wilkes, this afternoon, and was seriously injured. Mr. Entwisle is having another story placed upon his store, and the little boy fell through an aperture in the floor.

John, the eight-year-old son of Mr. Lewis Hart, living on Wilkes street, had a narrow escape from drowning by falling into the dock at the B. & O. transfer slip yesterday evening. He was rescued by Mr. Owen Evans.

The prayer meeting at the Children's Home, under the auspices of the Allison W. C. T. U., last night, was led by Rev. Dr. Fisher, of the Baptist Church, who delivered an interesting address from the 1st chapter of James.

Accused of Train Wrecking.

With the arrest of Oscar W. Bromley, son of William G. Bromley, who lives three miles east of Winchester, the detective force of the Baltimore and Ohio Railroad believe they have one of the men responsible for the series of attempts to wreck trains on the valley division of the Baltimore and Ohio Railroad, between Winchester and Kernstown. Bromley was taken into custody yesterday. He is specifically charged with having attempted to derail the southbound passenger train on the Baltimore and Ohio on Friday night last, May 12 when two 500-pounds rails were thrown across the track. The obstruction was seen in time and the train was brought to a standstill. In the past year 20 or 30 attempts have been made to wreck Baltimore and Ohio trains near Winchester. The wreckers have used railroad ties, bridge timbers and steel rails as obstructions, while in one case dynamite was resorted to. The accused is 21 years old. He was examined by Dr. G. L. Miller yesterday morning and pronounced insane. Papers for his committal to the Western State Hospital at Staunton have been prepared and he will be taken to that place within a few days.

Mr. Caton.

To the Editor of the Alexandria Gazette:

Mr. Editor: Will you kindly permit me through the columns of your paper to suggest that while we greatly appreciate the motive that prompted our friend and fellow townsman, the Hon. James R. Caton, to withdraw from the race for the office of Lieut. Governor, yet it is deeply regreted by the friends, that circumstances are such, that believing he might subserve the best interests of the party he has so long and faithfully been affiliated with, he feels it his duty so to do. This action on the part of Mr. Caton is not surprising his friends, for in all his career has he not ever been ready to put aside personal interests for the advancement of others, who he felt were worthy and entitled to the honors they sought? Regardless of his ability, this noble trait proves the worth of the man, and the party that he has served, and served so well, appreciates his efforts and will, ere long, we believe, call him to fill higher positions than he has yet attained. It is rumored that Mr. Caton may be induced to become a candidate for re-election to the House of Delegates, Let us hope this may be true. We could find no one more able to represent us. As a legislator his ability is unquestioned. The able, frank and manly way in which he has pursued his course in the House of Delegates does credit to himself and his constituents. In a word, "He is a man." Should our friend consent to become a candidate for the position he now occupies it is quite sure Alexandria city and county will be pleased to return him. REX.

Corporation Attorney.

In reply to the communication in yesterday's Gazette signed "Voter," I submit the following:

The office originates in the city charter, which directs that there shall be an "attorney for the corporation."

Briefly stated, he must prosecute all suits for and defend all suits against the city, when so directed by the City Council; he must prepare all city ordinances; he is the legal adviser of the Mayor, City Council, City Council committees, Auditor, Clerk of Gas, Tax Collector, City Engineer, Commissioner of Revenue, Health Officer and Board of Police Commissioners upon any legal questions pertaining to the city or in which the city is interested.

There is no city ordinance defining the duties of the Corporation Attorney.

Respectfully submitted,

PAUL B. HULFISH.

Chronic Grumblers.

And lo, it has come to pass in Alexandria, that if a citizen and a tax payer protests against his property being defaced and damaged, he becomes a "chronic grumbler" and the Police Commissioners virtually admit that vacant houses are outside the pale of police jurisdiction. Then away with the police and the Police Commissioners.

TAX PAYER.

A Disastrous Calamity.

It is a disastrous calamity when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs and cure headache, dizziness, colic, constipation, etc. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

Confesses Five Murders

In a letter to the police authorities of Chester, W. Va., a man signing himself "A. Johnson," and claiming to be a partner of Henry Williams, who was recently executed in Roanoke, Va., has confessed to five murders and numerous robberies. His reasons for writing are that other men have suffered for his crimes, and his conscience troubles him. He says he has been converted. The dates and manner in which the different crimes were committed, as described in Johnson's letter, are more complete than the police records, and the authorities believe its authenticity.

According to Johnson, he killed a woman at Chester, W. Va.; two Italians at Uniontown, Pa., a man at Hyndman, Pa., and a woman at Martins Ferry, Ohio. He says he assaulted a woman at Staunton, Va., for which crime, he says, another man was lynched.

Albert Johnson, colored, was arrested in Newport, Ky., yesterday for sending threatening letters through the mails. The officers express the belief that he is the same man who wrote to the Chester, W. Va., chief of police confessing various crimes for which other men had been or were about to be punished. A postal card to James Mooar, son of Capt. Luke Mooar, threatening him with death, was turned over to the United States postal authorities, and led to Johnson's arrest. Johnson acknowledged writing the postal, and was then asked: "Did you write that letter to the Chester, W. Va., chief of police?" "Yes, sir, I did, and every word in that letter is true," he responded. "Why do you make these voluntary confessions?" "Because I am now converted and I intend to lead a better life. I had three other men spotted to kill in Cleveland, but since my conversion I have abandoned the idea. I informed the men that they had close calls for their lives and thought religion was all that had saved them." Johnson is about thirty years old, and powerfully built. Later Johnson retracted his statement he had killed five persons. "I have been bad," he said, 'but I never killed any one, and don't know anything about that letter" Johnson's record in Newport includes an attempt to kill Amos Phillips by shooting, but Johnson asserted that he acted in self-defense.

The Philadelphia Gas Lease.

Amid scenes of disorder unprecedented in the annals of Philadelphia's legislative body, the City Councils last night voted to lease the city's gas works to the United Gas Improvement Company for a term of 75 years for the total sum of $25,000,000, the money to be paid in various amounts before the end of 1907.

Councils chambers and committee rooms were crowded with excited men protesting against the lease to the United Gas Improvement Company from 1 p. m., when the proceedings opened in the finance committee room, until after 8. p. m., when Select Council passed the bill and sent it to the mayor.

The climax was reached when the vote in Common Council was announced after three hours of debate. The moment President George McCurdy, of Common Council, announced the vote a great uproar was started in the gallery, which was crowded to the door. From all over the gallery came hisses and cries of "thieves". The outburst was somewhat startling to the presiding officer, who made a vain effort to quell it.

Finally he sent for a squad of police to clear the gallery, which started the disorder anew, The crowd continued to hiss and call the councilmen thieves and other names until the police arrived and started to clear the gallery. As the people moved out they sang uncomplimentary songs. In clearing the gallery there were several clashes between the police and some of the spectators, but no one was hurt. Mayor Weaver has declared his opposition to the terms of the lease.

Philadelphia, May 19.—The consensus of opinion here is that Mayor Weaver will veto the United Gas Improvement lease. In fact the mayor practically said this morning, that he would refuse to sanction the ordinance. The machine leaders know their own strength and feel assured that even if the mayor does veto the lease, they can muster enough votes in councils to pass the ordinance over his veto.

MEDICINAL.

Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local imflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

FRIDAY EVENING, MAY 19, 1905.

Willie's Reformation.

"Your son Willie seems to have got over being round shouldered. Every time I've seen him lately he's been standing up like a man."

"Yes; after years of scolding him for his stooping I tried a new plan."

"What was it?"

"I told him he had a magnificent chest."—Newark News.

The Open Fireplace.

I have seen respectability and amiability grouped over the air tight stove, I have seen virtue and intelligence hovering over the register, but I have never seen true happiness in a family circle where the faces were not illuminated by the blaze of an open fireplace.—O. W. Holmes.

Diplomacy.

Mamma—I hope Willie didn't tell a fib when you found he had been at the jam. Aunt Jane—Not at all! When I discovered that somebody had been at the jam he looked at Fido and said, "I didn't know, auntie, that dogs liked jam."—Boston Transcript.

A Linguist.

"What has he learned at college?"

"Why, he seems to have devoted himself to the study of modern languages. I've heard him talk baseball, football, golf, tennis, horse, polo and poker in the course of half an hour."

Her Secret.

Mr. Jones—Mary, can a woman keep anything to herself? Mrs. Jones—Yes; her private opinion of her husband.—Chicago Journal.

The Ready Repartee.

"This book"— began the agent who had pushed his way into the office.

"Don't want it!" snapped the busy merchant. "I wish I knew some sure way to keep you fellows out of here."

"This book tells you. Buy one."—Philadelphia Ledger.

Ambitious,

"Do you think, professor," inquired the musically ambitious youth, "that I can ever do anything with my voice?"

"Well," was the cautious reply, "it may come in handy in case of fire."

The Start of the Row.

Dorothy—Say, auntie, is religion something to wear? Aunt Julia—My dear, why do you ask such foolish questions? Dorothy—'Cause papa said you used your religion for a cloak.

An Open Question.

An advertiser asks, "Has the man grown or the flannel shirt shrunk?" That depends upon which of them was washed.

Men are the sport of circumstances when the circumstances seem the sport of men.—Byron.

His Main Duty,

Employer (to new office boy)—Has the cashier told you what you are to do this afternoon? Office Boy—Yes, sir; I'm to wake him when I see you coming.—Scraps.

A watch taken to the top of Mont Blanc will gain thirty-six seconds in twenty-four hours.

Going to Extremes.

The craze for old furniture has reached such a height that Lord —— has turned his wife out of doors to make room for a Louis XVI. cabinet.—London Truth.

There was no "precedent" for discovering America.—Hubbard.

One Day.

Finish every day and be done with it. You have done what you could. Some blunders and absurdities no doubt crept in. Forget them as soon as you can.—Emerson.

If a man's fortune does not fit him, it is like the shoe in the story—if too large, it trips him up; if too small, it pinches him.—Horace.

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Aitcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Gibson & Timberman and W. F. Creighton & Co.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nervetissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.
